POLISH-RUSSIAN WARFARE ENDED ON ALL FRONTS

WITH THE EXCEPTION OF SOUTH-
ERN RUSSIA HOSTILITIES IN
EUROPE HAVE CEASED

WEBB MILLER.
(United Press Staff Correspondent)
London, Oct. 8.—Europe was al-
most at peace today. Dispatches from
Warsaw said the Polish-Russian war-
fare had ended and the contact of
arms had been broken along the en-
tire front.

The Warsaw communique said hos-
tilities along the Lithuanian front
had ceased in conformity with terms
suggested by representatives of the
league of nations.

Finland and Russia were planning
to sign a peace treaty next week on
terms agreed upon Oct. 1.

The only place where hostilities
continued was in southern Russia,
where General Wrangel's forces op-
erated with other anti-bolshevist troops
against the soviets.

According to dispatches from Riga
the soviets agreed to Poland's claim
to the Lithuanian city of Vilna.
Other territory in that region was
conceded.

GERMANY REFUSES TO SURRENDER GIANT DIRIGIBLES AS AGREED

(By United Press)
London, Oct. 8.—Germany has re-
fused to surrender the new giant dir-
igible intended for trans-Atlantic
service, according to the Daily News.
Representatives of the inter-allied
disarmament commission demanded
the surrender of the airship, which is
being built at the Zeppelin factories
near Nauen.

EXPLOSION

Death List Is Five
New York, Oct. 8.—The death list in
the explosion on the steamship G. N.
Crowe at Brooklyn yesterday, stood
at five. Three were unaccounted for
and several of the forty injured were
expected to die. The explosion oc-
curred from an acetylene torch ig-
niting oil fumes.

Explosion This Morning
Newark, N. J., Oct. 8.—A terrific
explosion that shook downtown New-
ark this morning was not immedi-
ately traced by police. Wild rumors
circulated about the town.

The mysterious blasts which rat-
tled windows here today, were be-
lieved to have been explosions in a
nearby quarry.

The detonation caused much ex-
citement because of the many powder
plants in New Jersey. Authorities
found no reports of accidental ex-
plosions.

PRESIDENT NAMES SUNDAY, NOV. 14, AS ARMISTICE DAY

Washington, Oct. 8.—President Wil-
son today named Sunday, Nov. 14, as
Armistice Sunday, to be observed as
a memorial day for the Americans
who gave their lives in the world war.

GEORGE P. KIRBY

George P. Kirby of Toledo, O., was
elected the new president of the Na-
tional Fraternal congress at its thir-
tieth annual convention in Chicago.

HARDING SPOKE AT KANSAS CITY

SAYS HE IS OPPOSED TO LEAGUE
COVENANT AS IT
STANDS

RAYMOND CLAPPER.
(United Press Staff Correspondent)
Enroute With Senator Warren G.
Harding at Kansas City, Oct. 8.—
With the league of nations becoming
more apparent as the paramount
issue, Harding swung into Missouri
today. He was scheduled to make an
address at St. Joseph, Mo., and was
expected to reiterate the stand taken
in Des Moines on the league. Hard-
ing came out flatfooted against the
covenant as it stands. He declared
he could never submit it to the senate
as long as it contains Article X.

Anticipating a strong fight, the re-
mainder of the campaign by the de-
mocrats on the league issue, Harding
was believed today prepared to carry
the fight into his rivals' campaign
field in an effort to get the offensive
before the democrats get under way.
Harding stirred the big audience at
Omaha last night when he announced
he was opposed to the covenant as it
stands. He declared in the Omaha
speech that he is completely in ac-
cord with Senator Borah. He ex-
plained that he favors some form of
an international association which the
Idaho senator opposes.

Would Not Mortgage Lives of Amer- icans to Serve Europe

Kansas City, Oct. 8.—Renewing his
attack on the league of nations, Sen-
ator Warren G. Harding today de-
clared he does not want the lives of
American boys and girls mortgaged
to serve the interests of some ambi-
tious powers of Europe.

BOMB FOUND AT HUTCHINSON, KAN.

Hutchinson, Kansas, Oct. 8.—A cy-
linder bomb containing sufficient pow-
der to blow up the entire viaduct and
do other extensive damage, was fished
out of Cow creek at the west approach
of the Main street viaduct by several
boys, the police announced today.

LOW CORN PRICES MEANS A HEAVY LOSS TO FARMERS

NOTWITHSTANDING THE BUMPER
CROPS, BECAUSE OF HEAVY
PRODUCTION PRICE

(United Press)
Chicago, Oct. 8.—Profits expected by
farmers on good corn have been wiped
out by bumper crops and panicky
price conditions. B. W. Snow, grain
crop expert, said here today.

Snow predicted heavy financial
losses for corn growers.
The crop this year Snow said, was
an exceptionally large one and of fine
quality. This means loss to farmers,
figuring on the basis of wages paid
farm hands and general production
costs.

The decline in wheat, Snow believes,
is only temporary. He predicted
wheat will sell again at higher fig-
ures before another crop is raised.

NEW LOW RECORD FOR SUGAR IS MADE TODAY

New York, Oct. 8.—A new low re-
cord for the year was made in the local
sugar market when the Federal Sugar
Refining Co., reduced the price of re-
fined sugar one-half cent a pound to
11 cents.

This is within two cents of the price
prevailing when the industry was un-
der control of the government.

Raw sugar sold at 8 cents, duty
paid.

Change in House Representation Will Follow New Census

(United Press)
Washington, Oct. 8.—Changes in the
character and probably the size of the
house of representatives will follow
the announcement of the result of the
1920 census according to census bu-
reau officials and congressmen today.

Some of the anticipated changes are:
The size of the house may be in-
creased to nearly five hundred mem-
bers if the basis of representation is
kept as it is now, or it may be de-
creased by increasing the number of
persons each congressman repre-
sents; the number of "city congress-
men" will be increased and the num-
ber of rural congressmen decreased;
some states will gain more members
if the basis of representation is un-
changed. If it is changed many
states will have fewer members. The
census results made public yesterday
showed there are 105,533,108 persons
in the country.

U. S. WILL FIGHT EXCLUSIVE RIGHT TO LAND CABLES

Washington, Oct. 8.—An agreement
among nations not to grant exclusive
right for landing of cables of their
shores will be fought for by the United
States in its championship of un-
hampered world communication. It
was learned authoritatively today.

PREDICT COLLAPSE OF PAPER MARKET

New York, Oct. 8.—Publishers were
warned today by Jason Globe, pub-
lisher of the New York Globe, not to
sign contracts for print paper at any
price above 7½ cents a pound.

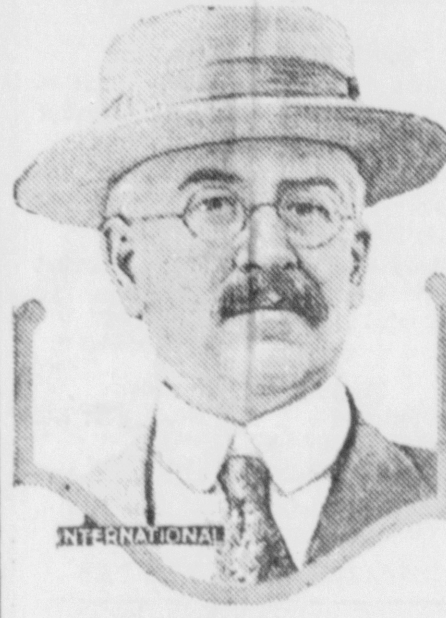

Roger, who organized the Publish-
ers Buying Corporation, which is said
to have 250 members grouped for col-
lective purchasing, issued a statement
that the whole paper market has col-
lapsed, and that speculators who
bought for an expected rise will now
be forced to sacrifice because of the
demand of banks for liquidation of
credits on the hoarded tonnage.

WHEAT FORECAST FOR OCTOBER LESS THAN SEPTEMBER

Washington, Oct. 8.—The depart-
ment of agriculture today forecast a
spring wheat yield of 218,097,000
bushels for 1920.

The winter wheat yield was fore-
cast at 532,641,000 bushels, making
a total wheat yield of 750,738,000
bushels. The October forecast for
spring wheat was 19,367,000 bushels
lower than September forecast.

JUDGE NATHAN MILLER

Judge Nathan Miller of Syracuse,
designated Republican candidate for
governor of New York State.

LEAGUE OF NATIONS IS ISSUE, SAYS COX

SAYS HE IS FOR IT AND HARDING
IS AGAINST IT ALTO-
GETHER

HERBERT WALKER
(United Press Staff Correspondent)
Enroute With Governor Cox, Padu-
cah, Ky., Oct. 8.—The political stake
for which the senatorial oligarchy is
playing in this campaign is the abso-
lute control of the United States su-
preme court, in addition to domination
of the president and congress. Gov-
ernor Cox charged in a statement here
today as he opened his final day of
stumping in the south.

Predicting four vacancies probably
will occur in the supreme court with-
in the next four years, the democratic
candidate asserted the republican
senate leaders in exercise of their
rights to confirm or reject presiden-
tial appointments, would demand that
Senator Harding, if elected, appoint
four reactionary judges.

"The senate crowd is playing for a
big stake which is no more or less
than absolute control of the three
constitutional branches of the govern-
ment," Cox said.

He said he had information of "an
understanding in republican circles as
to one supreme court appointment."

The governor characterized Hard-
ing's Des Moines speech as making
beyond all doubt the league of na-
tions the greatest issue of the cam-
paign.

"Senator Harding's position is now
known," he said. "In response to my
question he says he is against the
league altogether. Evidently he has
heard from Brother Borah. He is
against the league of nations and I
am for it. That's the issue."

League the Issue

Washington, Oct. 8.—Senator Warren
G. Harding's utter rejection of the
league of nations is a great victory
for Germany, Joseph P. Tumulty, sec-
retary to President Wilson, said to-
day. "Mr. Harding has gone over
bodily to the irreconcilables," Tum-
ulty added. "He has chucked all others
who have different views." Tumulty
said he was greatly interested in
learning how former President Taft,
former Attorney General Wickersham
and other prominent republicans who
have advocated the league of nations,
would view Harding's position.

It was intimated at the White
House that Harding might be made
the occasion for another campaign
document from President Wilson.
Former Senator Jonathan Bourne,
Jr., now head of the republican pub-
licity association, said the present po-
sition of the candidate would destroy
any democratic alibi of the league
referendum after Nov. 2.

Cox has returned to the democratic
point whence Wilson started him.
Bourne said. "The league has been
given first place in the campaign."

Business Section of Nome, N. D., is Destroyed by Fire

(By United Press)

Valley City, N. D., Oct. 8.—Fire of
unknown origin destroyed most of
the business section of the town of
Nome and that village was completely
cut off from communication today.
Only a few brick buildings were left
standing. There was a hard fight to
save the residence section. The tele-
phone switchboard burned. The town
has a population of three hundred.

RADICAL PLANS FOR REVOLUTION FOUND IN RAID

ON RADICAL HEADQUARTERS IN
CHICAGO TODAY—TWO ANAR-
CHISTS ARRESTED

(United Press)
Chicago, Oct. 8.—Alleged plans of
radicals for an armed revolution in
this country were believed uncovered
here today in finding of pamphlets
entitled "The Proletarian Revolution
and Wage Slave."

The pamphlets found in raids on
radical headquarters here, call on for-
eign nations to begin an immediate
armed revolution.
Another pamphlet said to be a pro-
clamation of unions of Russian work-
ers also urging revolution, and de-
claring all authority of the United
States government must be destroyed,
class distinction wiped out and all
prisoners freed. Two alleged radicals
were arrested in the raid. They are
said to be well known anarchists.

CAMPAIGN EXPENSE COMMITTEE MEETS AT DAYTON, OHIO

(United Press)
Dayton, Ohio, Oct. 8.—Quizzing of
witnesses regarding a note dated
June 20, 1919, alleged to have been
given Governor Cox and paid by the
Dayton Metal Products Co., was to be
continued here today by the senate
subcommittee investigating campaign
expenditures. The committee is try-
ing to trace the proceeds of the
note.

The committee will go further into
charges that dummies were used to
conceal the source of contributions to
a \$37,000 campaign fund to re-elect
Cox governor in 1916.

While the purpose of the commit-
tee was to trace the \$5,000 note it be-
came involved in investigating an ex-
penditure fund of \$2,000,000 raised by
popular subscription to prevent a re-
petition of the disastrous flood of 1913.
Other witnesses were to be questioned
today on details of this fund.

Note Transaction Cleared

Questions surrounding the \$5,000
note signed by Cox in 1917 and paid
off later by the Dayton Metal Products
Co., were cleared today by the com-
mittee investigating campaign expen-
ses.

H. E. Calbot, president of the Metal
Products Co., testified Cox borrowed
the money from a bank to finance a
municipal good government movement
here. Calbot, who was one of the
leaders of the good government cam-
paign, said he felt since he and the
business association had induced Cox
to go into the movement they were
under obligation to pay the \$5,000 the
government had borrowed to finance
the plan. Republicans who gave the
investigators information on the \$5,-
000 transaction, had suggested that it
might have been used to finance the
campaign of Cox. The committee ad-
journed this afternoon to meet in St.
Louis Oct. 18.

Authorities Search For Missing Fortune

(United Press)
Minneapolis, Oct. 8.—Authorities to-
day continued a search for a missing
\$100,000 fortune.

Mrs. Hattie Putnam, 65, found dead
in her home, is believed to have left
that much property, according to her
nephew, Lewis F. Putnam. Since the
death of her husband, Mrs. Putnam
has lived as a recluse, barring the
doors to her home to friends and re-
latives. Certain banks failed to reveal
lost securities.

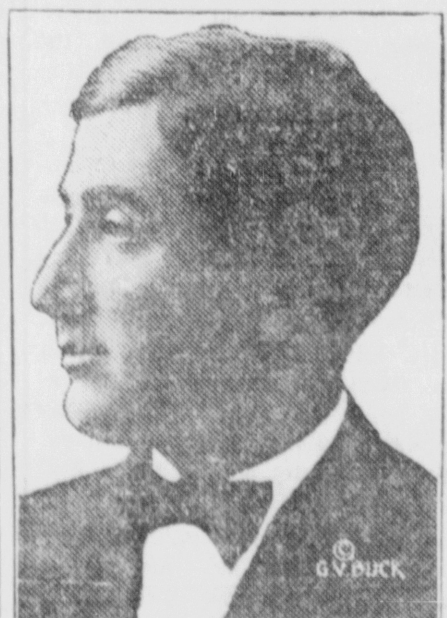

Marshall Thinks Sen. Harding Took Fatal Step

(United Press)

St. Paul, Oct. 8.—Senator Warren
G. Harding took a fatal step in his
Des Moines and Omaha speeches yes-
terday when he declared flatly for re-
jection of the league of nations,"
Vice President Marshall said here to-
day.

"About one-third of our people fa-
vor the league of nations as presented"
said Marshall, "another third favors
the league with reservations, and the
rest are against any kind of a
league."

SCOTT FERRIS

Representative Scott Ferris defeat-
ed Senator Thomas P. Gore for the
Democratic nomination for United
States senator from Oklahoma.

JAPAN SHOULD CONDEMN AMERICAN ANTI-JAP AGITATION

H. W. KINNEY.
(United Press Staff Correspondent)
Tokio, Oct. 8.—"Japan should be
condemned forever should she consent
to the present anti-Japanese agita-
tion in America," Viscount Kato de-
clared at Sendai, where he was ad-
dressing a convention of the Kent-
Sei-Kai party. Kato is leader of the
opposition in the diet.

WORLD'S CHAMPS ARRIVE IN CLEVELAND

(United Press)
Cleveland, Oct. 8.—The Cleveland
Indians and Brooklyn Dodgers ar-
rived here at 8:35 A. M. today. After
breakfast they were to go through a
practice session in the Indian ball
park. Four games are scheduled to
be played here and if necessary two
will be played in Brooklyn.

BOOZE SMUGGLERS CAPTURED WITH 30 CASES OF WHISKEY

(United Press)
Aberdeen, S. D., Oct. 8.—H. Well-
man and Jack Prin, of Judd's N. D.,
were captured between Barnard and
Aberdeen this afternoon by Sheriff
Elliott and deputies with thirty cases
of Canadian whiskey in their car, in-
tended for Fredericks, an Aberdeen
distributor. Early this morning Sher-
iff Elliott received a report from au-
thorities at Judd, that Wellman and
Prin, after crossing the Canadian
line, had passed through there and
headed for Aberdeen. When cap-
tured deputies alleged they offered
one thousand dollars to the sheriff to
let them go.

Four Generations for Harding

Four generations of a Woodbridge,
N. J., family are going to vote in the
presidential election this fall. All of
them expect to cast their ballots for
Senator Harding, but there is a bit of
difference of opinion in the family
which might throw a vote either way.
The photograph shows Mrs. Samuel
Batton, 103, sitting at the left of her
daughter, Mrs. George Brewster, aged
eighty; Mrs. Batton's granddaughter,
Mrs. B. L. McNulty, and her son,
Batton McNulty, twenty-one.

THE WEATHER

Forecast for next 24 hours:
 Minnesota—Fair tonight and Saturday, cooler tonight.
 Cooperative observer's record
 6 p. m.:
 Oct. 7—Maximum 78, minimum 53. Reading in evening 72. South wind. Cloudy.
 Oct. 8—Minimum during the night, 54.

Murphy's
 Hosiery

By George! That fire is still going and we've been gone two days! That Round Oak Square Base Heater is sure some stove!!

Here are the reasons why it holds fire two days—why it burns all fuels—why it lasts a generation

Control
 Seamless one-piece base with asphalt door ground on guarantees perfect control below the fire. Extra-heavy boiler-iron body with door-frames riveted (not bolted on) guarantees control above the fire.

Combustion
 Perfected hot blast with deep, narrow, fire pot and patented cone-center grate guarantees complete combustion with all fuels—no clinkers with this stove—burns all fuels.

Let these facts alone govern your choice. Investigate each and every one of these powerful claims and you will discover why we believe the Round Oak Square Base Heater will be the one to select. A quality purchase is always a compliment to your foresight and judgment.

Date Interesting to Women.
 The first woman's rights convention met at Seneca Falls, N. Y., July 19, 1848, and lasted two days. The leader of the gathering was Lucretia Mott, the Quakeress, and her leading assistant was Elizabeth Cady Stanton. This date is regarded as the greatest anniversary of the woman's suffrage movement in America.

Vague Description.
 Little Betty running from a luncheon where some very dainty sandwiches were served said: "Mother dear, will you make some of those nice little sandwiches for me some day without any bark out?"

CHURCHES OF STATE UNITE IN OBSERVANCE OF SALVATION ARMY SUNDAY OCT. TENTH

Hundreds of Thousands of Citizens to Hear of Army Activities in Minnesota—Social Service Extended to Every County—\$268,050 To Be Raised for Carrying On Work.

October tenth will be known throughout Minnesota as Salvation Army Sunday.

Judging from the assurances of co-operation and support received at Divisional Headquarters in Minneapolis from clergymen of all denominations, there will be general observance of the day in all the churches of the state, according to Henry C. Hanke, chairman of the State Advisory Board. Governor Burnquist in his recent proclamation setting aside the week of October 11 to October 13, as Salvation Army Home Service Week, urges that Salvation Army Sunday be fittingly remembered in Minnesota.

Pastors will mention the activities of the Salvation Army to the members of their congregations.

Considerable significance is attached to the Army's Home Service Program in that it will bring to every county the sixteen major activities of the Army to help the local churches in carrying on their teachings of social betterment and welfare.

"It will greatly augment the church activities by placing at the disposal of the citizens its many institutions, including the Rescue Home and Maternity Hospital for girls, Industrial Homes for Men, Men's Hotels; and the aid and guidance of the Army's entire personnel," said Mr. Hanke.

As an evidence of its good faith, through the co-operation and support of more than 1,000 citizens in Minnesota, the Salvation Army has established Advisory Boards in 83 counties. The members of the respective boards will serve as the active representatives of the Army in all respects. Any cases called to the attention of the Board will be referred to the Army Headquarters in Minneapolis, with recommendations for their disposition. If the facilities of the Army will enable it to render assistance, the necessary action will be taken at the earliest possible moment. But the Board will go much further than that. Not only are they a medium for advising the Army of cases called to their attention, but from time to time they will carry on investigations and studies to determine whether there are any conditions in which the Army can be of assistance.

Numerous cases that have been referred to the Salvation Army by the

Boards have been satisfactorily disposed of. They include arrangements for the care of unmarried mothers at the Rescue Home and Maternity Hospital in St. Paul, the care of partially disabled men at the Industrial Home in Minneapolis, and the discovery of the whereabouts of a number of persons who are missing.

By the extension of its activities to the rural districts, the Army has sensed the increased demands that will be made for the services it can render. To care for these demands, it has arranged for the enlargement of some of its institutions in the State, and for the maintenance of the same.

"Because the Salvation Army can be of real service to every community and because practically every county is making use of its institutions, the citizens of these counties are urged to support the Army during Home Service Week, October 11 to 13, in its efforts to raise \$268,050 in Minnesota," said Mr. Hanke.

"This amount is the lowest ever submitted by the Salvation Army to the people of the State. The Budget was first passed on by the divisional officers of the Northern Division, then approved at Chicago, Headquarters for the Western Territory, by the State Advisory Board, and by the County Advisory Boards at the State Convention in Minneapolis.

"Every item in the Budget has been cut to the lowest possible minimum, and in submitting it to the people of this state it is felt that every county can and will raise its apportionment. Failure to do so will seriously curtail the work mapped out in the Home Service Program."

"The Salvation Army's very existence is founded on the need of all mankind for a practical welfare service and bespeaks for it the support of every one in order that Minnesota may become as morally clean as it is great and wealthy."

"It should be a matter of pride with every man and woman to make their own community a fit place for their children to grow up. A thorough study of conditions throughout the state by the Advisory Boards has revealed startling conditions of poverty and moral degeneracy, and the Salvation Army has taken upon itself the task of eliminating, in so far as possible, the many social disorders and festering places of evil."

AMUSEMENTS

At the New Park Today and Tomorrow Add another triumph to the long list of screen characterizations by William Farnum.

"In 'The Orphan,' which is from the prolific pen of Clarence E. Mulford, Mr. Farnum has one of the strongest roles of his career. As an outlaw who is hunted and hated by the cowpunchers of the little town of Ford's Station, Mr. Farnum is at his inspired best. He lends his inimitable personality to the part with a depth of feeling that carries the spectator through a veritable avalanche of thrills which start with his initial appearance and continue until the final fadeout when he is shown in the arms of the girl of his dreams—the girl who switched him from the track of lawlessness to that of honor.

J. Gordon Edwards, who directed this latest Farnum picture, has achieved remarkable effects.

Louise Lovely again is seen as leading woman for Mr. Farnum, and, as usual, gives a capital performance. Others of importance are Henry J. Hebert, G. Raymond Nye, Olive White, Earl Crain, Carrie Clark Ward, Harry De Vere and Al. Fremont.

At the Best Tonight

Critics sometimes contend that photoplays are not always wholesome mental food for juvenile audiences. Mabel Normand's very latest Goldwyn Picture, "Jinx," which is being presented at the Best theatre, is a satisfying production from the parental standpoint, for it is thoroughly clean and bright, and the funny situations are devoid of vulgarity masking as comedy.

The story situations are grouped about a traveling circus and an orphan's home. Although the little waifs of the picture wear simple checked gingham frocks, thick stockings and shabby buttoned shoes in the orphan's home, it would be interesting for audiences to see these same tots on their way to the studio in the morning. Little Frankie Lee, who has played so many important juvenile roles in big productions, and who carries a leading role in "Jinx," comes to the studio with his mother in his own automobile, wearing quite

the smartest thing in the line of suit or suits ever conceived by any tailor. With all his success, Frankie is modest and boyish and lovable. The other well-known juvenile players who appear with Miss Normand are Buddy Messenger, Ed Tietol, Alice and May Giraci, Peaches Jackson, Jack Condon and Youra O'Rourke.

Of course, the orphan children with their mother visit the circus when it comes to town. The Jinx of the circus (Mabel Normand) creates such a lot of trouble that she has to run away to avoid punishment. Exhausted, she goes to sleep in the barn back of the orphanage, and the following morning the children find her and report that "There is a pretty fairy asleep in the manger with moo-moo." When the fairy wakes, she teaches the children how to play circus. The old buggies in the barn become chariots and the hay racks are golden spears. Slicker (Cullen Landis), the wild man of the show, climbs beneath a hedge and helps with the fun. Later, after many encounters with adversity, the Jinx finds her make-believe world real.

"Carmen of the Klondike"

Of special interest in the Selexart production, "Carmen of the Klondike," which stars Clara Williams and which will be the attraction at the Best theatre October 11 and 12 is the exposure of graft existing under government system in filing mining claims in the early days of the Alaskan gold rush.

The contention over "jumped claims," the struggle for priority in the line of miners at the claim offices and the favoritism exercised by officials, all are elements which furnish thrills in one big incident, which the author, Monte M. Katterjohn, has woven into this fascinating story.

The story was written by Monte M. Katterjohn and produced under the direction of Reginald Barker. It deals with the stirring adventures of a girl who dares the wilds of the Northwest to join the man she loves and finds him apparently untrue. Discouraged at life and mocking at love, she defies shame and takes up the career of a dance-hall girl. The incidents that follow combine to make a thrilling, red-blooded story that far surpasses the average film production.

Busy Bee Society

The Busy Bee society of the Swedish Lutheran church will meet at the home of A. U. Anderson of Pine street Southeast, on Saturday afternoon at 3 o'clock.

Stearns-Mellen

Miss Lillian Stearns, formerly of Brainerd, was married on Oct. 6 at her home in Hibbing to Walter R. Mellen, a mining engineer of Gilbert. The bride graduated from the Brainerd high school in 1915.

Cut the Cost of Heating Your Home

And increase your comfort at the same time with the patented Calorific Pipeless Furnace. No dirt or dust from the use of many stoves and other inadequate heating systems. No tearing up of walls and floors to install costly, heat-wasting pipes. Just a clean, modern, fuel-saving furnace that will heat all types of buildings, old or new, from one to eighteen rooms, with

Only One Register and no Pipes

Scarcity of one fuel cannot affect the Calorific-heated home, for the Calorific will burn any furnace fuel—hard or soft coal, wood, lignite, coke or gas. More than 50,000 home owners in this country estimate that they are saving from one-third to one-half the fuel they formerly used, because every pound of fuel burned in the Calorific double-ribbed firepot yields the maximum of heat directly into the house.

Installed in the Basement in a Day's Time.

We urge that you secure the Calorific catalog from us in order that you can see in detail how numerous and important are the advantages of this efficient system. The Monitor Iron-clad Guarantee, issued with every furnace sold, will convince you that our claims are responsibly backed. We personally stand back of the Calorific and add our endorsement to the manufacturer's guarantee.

Investigate the Calorific Today

We will be glad to demonstrate the Calorific and supply you with all the information you desire. Or, if you will communicate with us by postcard or telephone, we shall send our representative promptly to see you.

RESERVATIONS NECESSARY IN
WILSON LEAGUE

(By H. R. SPENCER)

A curious thing is noticeable in the Wilson league of Nations, and that is the difference in the wording of the French draft of the League and that of the American draft which Mr. Wilson brought back from Versailles and submitted to the senate for approval. Both the French and American drafts bear the signature of "The Honorable Woodrow Wilson, President of the United States, Acting in his Own Name and by His Own Proper Authority."

Article ten of the League, which Mr. Wilson characterizes as the heart of the League, is as follows:

"The members of the League undertake to respect and preserve as against external aggression, the territorial integrity and existing political independence of all members of the League. In case of any such aggression, or in case of any threat or danger of such aggression, the Council shall advise upon the means by which this obligation shall be fulfilled."

Democratic speakers are saying to the voters of the country that under Article ten of the League the United States will never be under obligation to engage in foreign wars, that all the council can do in case of a foreign war is to advise, and that the United States can do as it pleases about accepting the advice.

The French copy of Article ten is as follows:

"In case of aggression, or menace, or danger of aggression, the Council discusses and decides upon the means of assuring the execution of this obligation."

The difference in these two drafts of the League is manifest. If the Council under the French covenant decides that American soldiers are to be sent to Europe, Asia or Africa, France, or any other member of the League, in case of refusal on our part, might very well say: The League expects you to keep your contract; here is a written agreement, bearing the signature of "The Honorable Woodrow Wilson, President of the United States, Acting in His Own Name by His Own Proper Authority"; be good enough to act promptly and send your army and navy as directed by the Council. Refusal on our part would be a ground for declaring war against us.

The singular part of this situation is that President Wilson is presumably a French scholar. He is a historian, and at one time was president of Princeton university. It is hardly supposable that so learned a person would have attached his name to so important a document as the League of Nations covenant without knowing what he was signing. If ignorant of the French language, the President must out of the multitude of experts taken with him to Versailles have had some one who could read and translate French.

If this singular difference between the English and the French version of the League compact occurred but once it possibly might be attributed to an oversight on the part of Mr. Wilson "acting in his own name and by his own proper authority", but the same thing occurs in Article 21 of the proposed League, in such manner that it is most convincing that the difference of language used was

BEST THEATRE--TONIGHT

THE BIGGEST SHOW ON EARTH

"Jinx" is one of the liveliest pictures that you'll ever have the pleasure to see. It is the best Mabel Normand picture yet—better than "Mickey," better than "Upstairs," and that's going some!

Samuel Goldwyn Presents

MABEL NORMAND

In

"Jinx"

By Shannon Fife. Directed by Victor Schertzinger.

by design rather than inadvertence. Article 21 of the League is as follows:

"Nothing in this covenant shall be deemed to affect the validity of international engagements, such as treaties of arbitration or regional understandings, like the Monroe doctrine, for securing the maintenance of peace."

The French version of Article 21 contains this language:

"Nothing in the Monroe doctrine shall affect the League of Nations."

It is well known that all the countries at the Peace Table have no love for the Monroe doctrine; it is well known that the first draft of the League covenant contained no reference whatever to the Monroe doctrine, and that it was not until Mr. Wilson was informed by members of the senate that no League of Nations compact would ever be approved by it unless the Monroe doctrine were safeguarded that Mr. Wilson inserted in his English version of the League:

"Nothing in this covenant shall be deemed to affect regional understandings like the Monroe doctrine."

At the same time there was inserted in the French draft the provision that:

"Nothing in the Monroe doctrine shall affect the League of Nations."

It is easy to see what the attitude of European countries would be in case the Monroe doctrine should ever be brought into question. They might, with propriety, say: Here is your written obligation, signed by your President, in the most explicit terms, that nothing in the Monroe doctrine shall affect the League of Nations.

Whether these differences in the French version of the Wilson league are the result of inadvertence, or whether they were purposely placed there to give the associated nations a handle on which to hang interpretations that may later arise, they only emphasize the necessity of the senate's reservations placing beyond question this nation's attitude on the doctrine we have maintained during the last hundred and forty years.

HAS IT EVER DAWNED

On you that you'd enjoy life more, work better, if you felt really well?

Have you ever thought how much we plan and work for wealth and how little attention we give to the more important pursuit of health?

Isn't it worth your while to personally investigate the merits of the new science,

First

Miss Shepherd sang, "In the Gloaming." The New Edison stood on the stage by her side.

Then

She suddenly stopped singing. The New Edison took up her song, and continued it alone.

185 times - no difference !

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips.

4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result.

The New Edison is perfect realism achieved!

What kind of music "gets" you ?

Tell us—and we'll show you how all its emotional power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the RE-

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

The NEW EDISON

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joys of music which you crave.

Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."

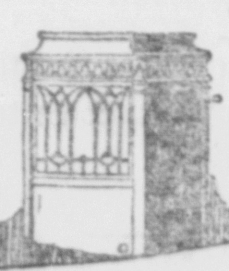

The instruments which proved this perfect real-

ism in Miss Shepherd's 185 tests were all exact duplicates of the original Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.

Important Practical Detail

Our Budget Plan brings your New Edison for immediate enjoyment, without asking for immediate payment. Ask about it when you come in to hear the "Personal Favorites" Realism Test.

LARGE CLASS JOINED THE ELKS

Crosby, Ironton, Deerwood, Cuyuna, Staples, Verndale Represented at Meeting

LUNCH AND VAUDEVILLE, ETC.

Citizens State Bank Hall, Newly Remodeled and Decorated, Leased from Bank

The Elks initiated a class of 25 on Thursday evening and the attendance present was exceptionally large. Good roads and fine weather served to bring large delegations by automobile from Crosby, Deerwood and Cuyuna. Staples members found the Twin Ports Limited arriving in Brainerd at 7:10 p. m. an ideal train for attending meetings here.

The ritualistic work was finely exemplified, Past Exalted Ruler Fred L. Sanborn heading the initiatory work. The lodge then adjourned in a body to the New Park theatre and a special vaudeville performance was given of four numbers.

From the Park the members then returned to the hall and sat down to a feast provided by the entertainment committee consisting of Alderman W. J. Lyons as chairman and B. E. Dunham, A. P. Drogseth and Walter F. Kunitz. Over 150 were served promptly and efficiently with a most substantial luncheon. The coffee was the best ever sampled by the lodge. Baked ham a delicacy prepared by Mr. Lyons. Near beer and smokes followed, with all rounding out a general social evening.

The Elks are growing so rapidly that it has been found necessary to rent the Citizens State bank building third floor. This will be used as hall and club rooms until such time as the new Elks home can be constructed. The Citizens State bank hall has been remodeled and decorated and now ranks among the finest in central Minnesota.

The membership campaign will soon be in full swing under the direction of Chairman Walter F. Kunitz, this lieutenant in the corps of workers having been re-appointed by Exalted Ruler W. V. Turcotte.

Plans for meetings full of pep, enthusiasm, and general entertainment are under way. Four tellers were kept busy handling the new applications at the meeting.

A letter from Tom Wood of Los Angeles, California, bore greetings to all the lodge. Tommy related having lost 25 pounds riding a horse while the poor animal lost a hundred. Californians are anxious to have Tom transfer to their lodge. His request for a transfer was taken under consideration for Brainerd considers Fat too big a party to lose right off the bat.

The resignation of John J. Cummins, long a secretary of the lodge, was accepted. Mr. Cummins has been promoted to a higher position at the St. Paul general offices of the Northern Pacific railway company and has removed his family from Brainerd to St. Paul.

Dorcas Society

Miss Esther Fogelstrom will entertain the Dorcas society of the Swedish Lutheran church this evening at the church. A cordial invitation is extended to everyone, young and old to come and enjoy a social time. This program will be given:

PENNEY STORE PLANNED

Representatives of the Company of Chain Stores Inspect Brainerd For a Site

Representatives of the J. C. Penney Co. inspected the city for the site of a new store and expect to commence business here next January. The Penney Co. now has a chain of over 300 stores throughout the country. The company handles drygoods and notions, men's and boys' clothing, shoes, etc. Their nearest similar store is located in Little Falls.

For Mrs. Eloi G. Carlson

The Ladies' Aid society of the Swedish Lutheran church at their regular meeting Thursday afternoon, surprised Mrs. Eloi G. Carlson. About seventy of the members were present. Mrs. Gyllenhamer made the speech and presented her with a purse of money.

EAST MAIL BOX NEEDED AT DEPOT

Only Mail Boxes at the Depot are Labeled "North" and "West" and Nothing "East"

MAIL SOMETIMES IS DELAYED

Staples-Duluth Train Going to Duluth Morning and Afternoon Does not "Pull" the Box

A matter for citizens generally to take up is the fact that there are but two mail boxes at the depot, one labelled "North" for M. & I. points and one marked "West".

The Staples-Duluth train running to Duluth early morning and afternoon does not "pull" the west box. People sometimes mail Duluth letters in the "west" box and it is not picked up by the afternoon train for Duluth. In consequence the letter does not get out of Brainerd and is delayed.

Railway postal clerks said they would pick up mail from an "east" box whenever the box is put in.

LEGION BONUS COMMITTEE

To Meet With Ex-Service Men Monday Night at Legion Hall, Koop Block

The bonus committee of the American Legion appointed by the commander, will meet with the ex-service men of the city and surrounding territory Monday night, Oct. 11th, at the American Legion hall.

Every member of the Legion should be present that night as a big rousing meeting will be held. If you have not been paid your state bonus bring along your number as sent you by the bonus board and an effort will be made to help you secure it.

The Brainerd banks are co-operating with the Legion by buying additional bonus certificates to cover the payment of local boys. The First National bank has asked the Legion committee to designate the men to be paid under the additional \$5,000 certificates which they have offered to take. Your name must be presented to the committee Monday night if you wish to secure your bonus under this plan.

Legion members, be out Monday night for the first big meeting this fall. Many things of interest will be presented to you for your consideration and your action. The meeting will begin promptly at 8 o'clock and will be in the Legion hall in the Koop block.

***** BRAINERD'S ODDEST STORIES *****

Shorty Robinson, Eddie Luck and Howard Dougherty have returned from a duck hunt in the upper reaches of the county which yielded 8 ducks, a bath in Pine River and a bunch of minor accidents. Luck was with us, however, said Dougherty.

REXALL PIGEON DERBY

Col. C. D. Johnson Tried to Get One to Fly From Brainerd to St. Louis

The Rexall pigeon derby, finishing at St. Louis before the opening of the seventeenth annual International expansion convention, proved one of the biggest of the many big successes put over by the United Drug Co. Wide-spread publicity and keen interest throughout the country marked the races. Pigeon experts declared that the performance of the Rexall pigeons, young and, in a sense, untrained, was little short of marvelous.

The winners of the derby were as follows:

First—Rexall No. 2066, City Drug Store, Arcadia, La., 500 miles; average speed 34 miles per hour.
Second—Rexall No. 628, Cook Drug Co., Nowata, Okla., 400 miles.
Third—No. 2063, C. D. Kingston, Dennison, Tex., 510 miles.
Fourth—Rexall No. 252, GHI Drug Co., Caruthersville, Mo., 165 miles.
Col. C. D. Johnson of the Johnson Pharmacy in Brainerd, tried to get a pigeon to fly from his drug store, but was unsuccessful.

He Feels Ten Years Younger

Any man or woman suffering from lame back, headache, stiff joints, sore muscles, rheumatic pains, or any symptom of kidney or bladder trouble will be interested in this from H. Bryde, 925 Garden St., Hoboken, N. J. "I feel ten years younger, and when my wife has taken Foley Kidney Pills she will, too." H. P. Dunn, druggist.

FOLEY KIDNEY PILLS
FOR BACKACHE KIDNEYS AND BLADDER

GRIMES KNOWN IN THIS TOWN

Winning Pitcher of Brooklyn in Second Game of World Series is a Right Hander

HE IS A SPITBALL MASTER TOO

Fred Cook of Brainerd Helped Him Rise from Sandlots to Higher Baseball Circles

Burleigh Grimes, champion hurler in the National League this year, and a member of the Brooklyn pitching staff, stopped the hard hitting Cleveland club in the second game of the world's series. He is a product of northern Wisconsin.

Grimes lives at Clear Lake, near New Richmond, in which town he was born. He is 27 years old. He figured in the "David Harum" trade which Ebbs and Robinson made with Pittsburgh in 1918 when they got Al Mammaux and Chuck Ward along with Grimes in exchange for Stengel and Cutshaw.

Grimes is a right hander. Though he doesn't use it all the time, he is a spitball master. He relies on it only when he finds his fast ball and curve are not working right. He is considered quite a knockout performer.

Grimes is well known to Fred Cook of Brainerd, and the latter gave him a chance to rise in baseball circles from sandlots to semi-pro ball by securing pitching jobs for him.

KILLED IN MINE

Falling Slate in West Virginia Mine

Causes Death of Ernest Barrett of Brainerd

Ernest Barrett, a brother of Wallace and Charles Barrett living west of Brainerd, was killed by falling slate in a mine at Thurman, West Virginia. He is a Brainerd boy and was born here August 5, 1883, and lived here until about 8 years ago, when he went to Portland, Ore. Two years ago he went to West Virginia and has been working in the mines.

He leaves a mother, Mrs. J. A. Barrett, of Portland, Ore., and four brothers, Wallace, Chas. and Zackery, of Brainerd, and Lawrence of Mangrove; three sisters, Mrs. Edwin Jackson and Mrs. Walter Hagelme, of Brainerd, and Mrs. Walter Laurel, of Portland, Ore. He was buried in West Virginia.

Good for Him and His Wife
Hurley L. Watkins, 2395 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds." Coughs, colds, croup, bronchial coughs, stops that "tickling" throat that keeps one coughing at night. Contains no opiates nor habit forming drugs. H. P. Dunn, druggist.

ANNOUNCEMENT

We wish to announce to the public of Brainerd and vicinity, that we have purchased our own building and have removed from our old store to our new location, 402 Front Street, and we are having more convenience to do business on a bigger scale and are able to pay you highest market prices for Hides, Furs and all kinds of Junk.

ALL SOCIETY AT BARN DANCE

Novel and Brilliantly Illuminated Scene at Parkerville, Mrs. Parker and Daughters Entertain

A HUNDRED COUPLE THERE

Tibbett's Orchestra Furnished the Music, Lunch Served at the Parker Lake Home

Mrs. F. S. Parker entertained at a barn dance on Thursday evening at Parkerville, a hundred couples being present. Autumn leaves, pumpkins, etc., decorated the barn, which is a huge affair only recently completed.

Tibbett's orchestra furnished the music. Square dances and tag two-steps were favorite numbers on the program. After the dance the merry makers went to the Parker cottage where a lunch was served.

Assisting Mrs. Parker in serving were her daughters, Mrs. R. T. Campbell and Mrs. Brown and a large group of friends. A Delco lighting system illuminated the barn and roadways, etc., while it took the most of a five acre lot to park all the automobiles.

The tide of guests to the dance continued until the midnight hour. Dancing was resumed after supper.

CHIROPRACTIC
MAY BE NEW TO YOU BUT NOT TO THE CHIROPRACTOR
He has devoted much time to study and practice demonstrating to many in the West that the chiropractor is a certain and reliable remedy for many of the most common diseases of the human body.
Your investigation is awaited with equal certainty of beneficial results.

The X-Ray and Chiropractic

The Chiropractor spends month after month for three years perfecting the sense of touch in his fingers so that he may correctly ascertain the location of each spinal segment in the patient's back. Even with his adeptness at locating these misaligned or subluxated vertebrae he is sometimes baffled; and to prove conclusively to himself that he is absolutely correct in his findings, he resorts to the X-ray. By taking a radiographic picture of the patient's spine, he is not only enabled to actually see the exact conditions as they exist, but he is also able to show the patient that condition.

NORTHWEST NEWS

Nash Case in Supreme Court
St. Paul, Oct. 8.—Although he has been exonerated by a Hennepin county grand jury William N. Nash, former county attorney, went before the supreme court today to deny charges that he was implicated in a million dollar whiskey smuggling plot.

The appeal of Nash is from the decision of Governor Burnquist removing Nash as county attorney, following a hearing conducted by the governor on charges that he was involved in the famous whiskey case.

Malfeasance and nonfeasance in office were the charges brought against Nash, in the hearings before the governor. Alleged accomplices of Oscar Martinson, Michael Weisman and others in the whiskey smuggling plot, testified against Nash. Martinson and Weisman, with several others, were found guilty in courts and are now serving sentences.

Nash expects to have the removal order revoked. In such case the court may be asked to re-instate Nash as county attorney.

Whiskey Profits Great

Fargo, Oct. 8.—Profits in the present wide-spread illegal whiskey smuggling and traffic are so enormous that men heretofore considered "respectable" and "law abiding" are tempted to violate the law, according to officials in the office of the prohibition officer Darby here. Men who would never stoop to the old style bootlegging in days of ordinary state prohibition are now running the risk of sterner penalties because of the large financial recompense.

Whiskey readily sells according to this same officer, for \$40 a quart in Sioux City, S. D. Rumors has it that an Aberdeen man has made \$50,000 in Canadian whiskey since last spring.

The bringing of all offenders to justice is a laborious task, because of their multiplicity and because to convict in court of violating the Volstead act, prohibition officers must produce the evidence against offenders and prove the liquor.

County and city officers throughout the state are co-operating more and more in the enforcement of the 18th amendment, as they begin to realize that the duty rests with them as much as with federal officers. Manitoba which has a law against export is also cooperating with U. S. prohibition agents, but Saskatchewan does not prohibit shipment of liquor to the U. S. and most whiskey runners enter over the Saskatchewan line. Most of the Canadian whiskey sold around here, it is said, is made in Regina.

Mennonites Would Move

Winnipeg, Oct. 8.—Uruguay and Mexico are the latest "promised lands" toward which Mennonites of southern Manitoba and Saskatchewan are turning their eyes, according to Frank Greenway, department of education. Representatives of the Mennonite colonies at Rutherford, Man., have been named to investigate conditions in these two countries to determine whether the Mennonites shall immigrate to escape conflict with Canadian laws. The Mennonites insist upon schooling their children and refused to abide by the school laws requiring attendance at public schools.

Different From American Game.

The Japanese game of football is played with great ceremony and decorum. The players wear the ancient court costume and queer headgear perched on top of their heads.

Must Have Some Human Qualities.

We must have a weak spot or two in a character before we can love it much. People that do not laugh or cry or take more of anything than is good for them, or use anything but dictionary words are admirable subjects for biographers.—O. W. Holmes.

She "Sure Does Appreciate"

Lola Leonee Francis, R. F. D. 1, Tex., writes: "I sure do appreciate Foley Kidney Pills. Mother has taken them, and they stopped her from aching." Don't suffer when relief can be had. You can get rid of backache, rheumatic pains, sore muscles and stiff joints. Good for bladder weakness, too. H. P. Dunn, druggist.

Brothers on Brooklyn and Cleveland Teams Who Oppose Each Other

Jimmy Johnston

One of the interesting sidelights in the World's Series is that brothers are opposing each other. "Doc" Johnston is Cleveland's first baseman and Jimmy Johnston is Brooklyn's third baseman.

Interest in MacSwiney's Hunger Strike Revived

(United Press)

London, Oct. 8.—Interest in the hunger strike of Lord Mayor MacSwiney was revived throughout Great Britain on this, the 57th day of his voluntary fast.

MacSwiney slept well last night. Prison physicians said he looked better today. Relatives said he was weaker and apparently exhausted. He was unable to whisper, they said.

MacSwiney no longer is a "bore," he is a "great scientific fact," the Daily Express said.

An announcement today from Dublin Castle gave lists of Sinn Fein offenses against the government with expression that reprisals for the death of policemen last year were due to the fact that the murderers could not be brought to justice.

Professional Confessor Repudiates Confessing Denton Murder

(United Press)

San Francisco, Oct. 8.—James Rodriguez, alleged to have confessed to the murder of Jacob C. Denton, wealthy Los Angeles mine owner, today repudiated the alleged confession, according to Oscar Hudson, his attorney. "It is a lie," Hudson said Rodriguez told him today.

Police said Rodriguez is a "professional confessor." Rodriguez admitted the idea came to him in his cell that he could gain a lot of notoriety if he confessed to be Denton's murderer.

Smoking Bad for Aviators.

Air ministry doctors in Great Britain have instructions to inquire into the family histories of persons who desire to become aviators, especially with references to tuberculosis, heart disease, or mental instability among near relatives. Smokers are to be closely questioned, and the doctors are to make a note such as C10 or P3—that is, ten cigarettes or three pipes a day.

Sharing Mother's Old Dresses.
Mary Jane was very proud, and never liked wearing dresses made from her mother's old ones; so when she saw her new baby brother for the first time she remarked to her father: "I wonder how he'll like wearin' your old clothes?"

MUST PAY TAXES WHERE BUSINESS IS TRANSACTED

St. Paul, Oct. 8.—The Standard Oil company must pay taxes on moneys and credits in counties in which it transacts business, the supreme court held today. The company had contended such taxes should be paid in counties where they maintained their headquarters.

Heard in New England.

Many primitive New England sayings were restricted wholly to the agricultural population, and among these are utterances whose provincialism is not apparent to the speaker whose ear has become familiar to them. "Get out" is commonly used to express incredulity and in remote districts "du tell" is still good form in the best circles.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials free.

YOU certainly want to save money, and you would like to have better bakings.

Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST OF ALL BAKINGS

CALUMET
BAKING POWDER

"BEST BY TEST"

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe

—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1 1/2 cups granulated sugar, Yolks of 3 eggs, 1/4 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

OBJECT TO MENIAL DUTIES

Reason That Is Assigned for the Present Scarcity of Trained Nurses in Hospitals.

The full utility of many hospitals is now impaired by a lack of nurses writes "Girard" in the Philadelphia Press.

Howard Butler, Jr., is trustee of an important hospital here and he tells me they need 30 per cent more nurses than they can get.

"Why are nurses so scarce?" I asked.

"I presume," answered Mr. Butler, whose business, as you know, is that of a banker and broker, "it is because girls think they can earn more money in an easier way in some other occupation."

I have talked with doctors of wide hospital experience about it and they say that the old practice of making girls in training for nurses do drudgery for a year or so has prevented many young women from entering the profession.

"What good," said one great surgeon, "did it do to a nurse's skill to make her scrub floors or wash windows? As well make medical students polish shoes, keep up the furnace fires and sweep out the lecture rooms."

Another physician of long experience and who is connected with a big hospital, added:

"The hospitals will be obliged to cut out the manual labor for training nurses and will probably reduce the years of training, or the country will go back to the conditions when it had few or no trained nurses."

RASMUSSEN TO STUDY ESKIMO

Danish Explorer's Ambition Is Said to Be to Make Thorough Study of the Northern Race.

The remarkable studies carried out by the Danish explorer, Knud Rasmussen, among the Greenland Eskimos are described by W. E. Ekblaw in the Geographical Review. Rasmussen, who is part Eskimo himself, was born and trained in languages and ethnology at the University of Copenhagen.

It is his ambition to make a thorough study of the whole Eskimo race, from eastern Greenland to Siberia, and he has already visited every Eskimo settlement in Greenland. It is said that he knows every Greenland Eskimo personally. Mr. Ekblaw believes it safe to say that no one else has ever come into such direct contact with a whole people as he has.

Late in 1919 he returned from a visit to Ammassalik, on the east coast. He was surprised to find that the east Greenland Eskimos preserve many of the customs of the central Eskimos, who still inhabit the ancestral home of the race about Hudson bay. He found that they are more closely related to the central Eskimos than are any of the other tribes of the entire Greenland coast, and that only recently have they been affected by contrast with the Greenland west coast culture.—Scientific American.
